

FIRST EDITION.
11:30 P. M.

TENNESSEE bonds have gone up to 40 cents.

Not a civil district in Anderson county went democratic.

The northwest experienced the luxury of a snow storm yesterday.

BEN. BUTLER went over to democracy to-day. But they received him cordially and are welcome to him.

We have no occasion to change the figures of the electoral vote as given yesterday.

SUCH democrats as have been naughty in the campaign will find it easy to be devotional to-day.

EVERYBODY is cheered at the prospect of the early completion of the connection with Louisville and Cincinnati.

The sixth civil district of Knox also deserves special mention. It went republican on Tuesday. It has been largely democratic.

This election is over and the masses of the people are well satisfied with the result. Now let extermination and recrimination cease.

IOWA is a poor place for murder, intemperance and ignorance. It is a good state for free schools, fine school houses and republican votes.

The friends of a sound currency everywhere will regret the defeat of Hon. S. B. Chittenden, of Brooklyn. He has made a most efficient representative in congress.

The Courier-Journal is going into hysterics over the thought that Grant and Conkling will have influence with President Garfield. Waterson is in an unenviable frame of mind.

JOHN D. WHITE, republican, has been elected to congress in the ninth Kentucky district, and now the democrats are howling about the use of money. They hate White.

HON. C. B. FARWELL elected to congress from Chicago is a partner in the mammoth wholesale establishment of John A. Farwell & Co., of that city. He has been in congress before.

The democrats of New York are dissatisfied with the vote in the city. They say many fraudulent votes were polled there. We don't doubt it. It is always the case. Let the vote of the city be thrown out.

GOVERNOR HAWKINS will appoint a commissioner of agriculture, a superintendent of public instruction and a warden of the penitentiary. There will probably be some applicants for these positions.

The speaker of the next house representatives will probably be Hon. John A. Kasson, of Iowa, or Hon. Wm. P. Frye, of Maine. Either would grace that high position and discharge its duties well.

The Nashville correspondent of the Cincinnati Commercial, says that Warner, Hon. Jno. M. Bright's successor, has a voice something like a fog-horn, and that his first speech in congress will create a sensation.

OUR Nashville special estimates that the votes in the counties to hear from, and which are mentioned, will swell Judge Hawkins' vote to 95,000. We think it will be more than that, say 97,000. This will be 3,000 short of the estimate made by the CHRONICLE more than a week before the election.

THE democrats are now cursing John Kelley and charging that he is the author of all their misfortunes. He elected Garfield, they say. Well, if this is true, when John comes to die he will not have to look back over a life wholly mispent. He can console himself with having performed at least one righteous act.

WE notice something in the proceedings of the city council of Friday night relative to the discharge of Maunson, the street-hand, because he voted the republican ticket. This matter should be investigated and if the report be true, Street Boss Badgett, should be compelled to resign his action. This is a free country and no man should be proscribed on account of his political opinions.

Stop and Think.

MR. EDITOR: I read the following paragraph from the Dispatch of Wednesday, November 3rd, 1880:

"QUIET.—Yesterday was a remarkably quiet day. The saloons were closed, consequently no drunk men were seen. Every one seemed to be engaged in voting. We are happy to say that the day was so quiet in our city."

Is that an admission that the opposite of quiet comes from saloons? If so, why not have every day quiet and orderly by banishing saloons. If we have the right to have one quiet day by shutting up saloons, have we not the right to have every day quiet in the same way. Let all good citizens unite for this purpose, and we can have a city noted for prosperity, good government and morality—a place that every citizen will be proud to call his home.

LOCAL OPTION.

EMPHATIC DENIAL.

PATERSON, N. J., Nov. 8.—In reference to a rumor widely circulated to the effect that Chinese labor was being introduced into the silk and other mills of this city, it is met with indignant denial on the part of the manufacturers here. The Barbour flax spinners, who have been represented as having already set a number of Chinamen to work, by way of experiment, declare the statement false in every particular. In a personal canvass of the great mills of Paterson. Questions were asked as follows:

First, Do you have any Chinese labor employed?

Second, Have you contemplated employing any?

Third, Do you believe there are any Chinese employed in any silk or other mills in Paterson?

Fourth, In your judgment has any such employment ever been seriously contemplated by any?

The answer to all was uniform and an indignant No!

THE RAILROAD-EXPRESS WAR.

ST. LOUIS, Nov. 6.—The provisional injunction heretofore granted by the United States court against the St. Louis, Iron Mountain and Southern railway company, on behalf of the southern express company, was modified to-day by Judge Treat, so that no occasional charges shall be exacted; that no discrimination as to the return of empty kegs or packages shall be made, or as to compensation for freight between two rates required of plaintiff and defendant shall not prevent or refuse transportation of express matter offered by the plaintiff for a reasonable compensation, the same not to be more than present rates, nor to exact contents of packages as perquisites to said transportation. It also provides that the plaintiff's messengers shall, on payment of passenger fare, have the same accommodation for the care and custody of shipments as are accorded to messengers of other express companies including those of the defendants.

TENNESSEE.

MEMPHIS, Nov. 8.—Some excitement pervades political circles over the discovery that Robert McKenna, one of the ten republicans elected to the legislature from this county, is ineligible, having been convicted of incest for marrying his wife's granddaughter. McKenna was pardoned by Gov. John C. Brown four years ago, but it is claimed that he has never applied to be restored to the rights of citizenship, and that he is therefore disqualified from holding office. It is stated that the certificate will be given to W. B. Wiseton, a democrat, who received the next highest vote. This change may possibly determine the selection of a U. S. senator, as the complexion of the legislature is very close.

STEAMER WRECKED.

PROVIDENCE, R. I., Nov. 6.—A special to the Journal says the steamer Rhode Island is a wreck on Bonnet Point and on the north side of Whale Rock. She struck Whale Rock at 3:15 a. m., making water. The steamer was headed in shore where she is now lying. She will not doubt be a total wreck. The fires were put out. The passengers are all saved and being cared for. A dense fog prevailed at the time. The passengers speak very highly of the coolness of Captain Mott and the other officer, Gilroy. The head steward was severely hurt by a chandelier falling on his head. About 150 passengers were on board. The freight from between decks is floating about and boats are picking it up.

AUDITING THE BILLS.

NEW YORK, Nov. 8.—The Evening Commercial-Advertiser says: The democratic national committee, consisting of Messrs. Barnum, Hewitt and Cleveland, was in private session to-day at their late headquarters. It was understood that the only work before the committee was the auditing of certain bills of expenses incurred during the campaign.

BANK STATEMENT.

NEW YORK, Nov. 6.—The weekly statement of the associated banks shows the following changes: Loans increase, \$6,490,000; specie increase, \$319,300; legal tenders decrease, \$1,027,100; deposits increase, \$5,214,600; circulation increase, \$45,300; reserve decrease, \$2,011,450. The banks now hold \$1,732,125 in excess of the legal requirements.

REVENUE SEIZURE.

WASHINGTON, Nov. 8.—Commissioner Raum to-day received a telegram from Collector Clark, dated Atlanta, Ga., stating that he had seized, on the 6th inst., in Clayton, Rabun county, three mules, two wagons and a quantity of illicit stills.

OREGON.

PORTLAND, Nov. 8.—All the counties in the state except Grant and Curry are heard from. Nearly all are official, and give Garfield 227. The two missing counties will probably increase his majority to 600.

ARKANSAS.

MEMPHIS, Nov. 8.—The latest returns indicate the election of Johnson, colored, republican, to congress in the first Arkansas district by 1000 over Poindexter Dunn, democrat. Johnson is a barber residing in Augusta, Arkansas. His candidacy was announced but one week prior to the election.

CHICAGO, Nov. 8.—A special to the Journal from Little Rock says: The republican state central committee, of Arkansas, claim the election of two republican congressmen, Murrey in the fourth district and Boles in the third district, with the chances favoring Williams, republican, in the second.

JAPAN.

SAN FRANCISCO, Nov. 6.—The steamer Oceanic, from Hong Kong via Yokohama, brings the following: "Yokohama, Oct. 17.—The American steamer, Courier, which arrived at Hakodate from the north on the 12th of October, reports the arrival at Petropavlovsk of a steam whaler, which announce that according to information received from natives, the Jeanette and some whalers had been lost with all hands, the vessels having been crushed in the ice. Reports continue to be received from various parts of the empire of disastrous results of the recent typhoon. In Tokio alone over 1,000 houses were torn by the demolished, while the lives of hundreds of fishermen were lost in the bay. It is reported that a telegraphic cable is to be laid by the Japanese government between Nagasaki, Japan, and Fusan, Korea.

MINOR DISPATCHES.

NEW YORK, Nov. 6.—No vessels sailed from this port to-day on account of the prevalence of the fog.

LONDON, Nov. 6.—A Paris dispatch announces that the execution of the decrees against unauthorized religions is now complete excepting in Algeria and Corsica.

LONDON, Nov. 6.—The Earl of Salisbury, liberal, has been elected lord rector of Edinburgh university, defeating Sir Robert Christison Bart, conservative.

HUT AMARINE.

Again in the Clutches of the Law.

There are very few of our readers, doubtless, who do not remember Hut Amarine, the notorious Blount county moonshiner, who was a terror to the officers of the law, as well as the citizens of Blount, for years. It will be remembered that he and his gang murdered John Cooper, son of Gen. J. A. Cooper, who was then revenue collector, and wounded one or two others of the officers.

Hut and two of his pals were captured. They were sent to the penitentiary, but Hut made his escape from the Knoxville jail just about one year ago, at the same time Potter escaped. The mountains and woods were scoured in search of him, but in vain. He made his arrangements, took his family and went to Texas, where he had a brother, thinking, no doubt, that he would there be free from all disturbance.

An intimation was received, however, some months ago, by revenue officers and the relatives of Mr. Cooper, of the whereabouts of Amarine, and they set to work to catch up with him. They were successful, and the plans culminated in the receipt of a telegram yesterday by Col. J. M. Melton, collector at this point, from Wm. H. Sinclair, collector at Galveston, Texas, stating that Amarine is there in jail and that they will start in a day or two with him. He will be brought back to Knoxville and kept securely confined till the sitting of the United States circuit court in January next, when his trial will occur. There was a reward of \$250 offered by the government, and perhaps other rewards for his recovery.

"It disagrees with me." A common remark. If you take Tilt's Pills you can eat anything you like, and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion, and regulates the bowels when all other medicine fails.

Congratulations.

The following is an extract from a letter received by a gentleman of this city from a young lady friend, in a neighboring town, extending congratulations over the result of Tuesday's elections. It is needless to add that she is an enthusiastic admirer of republicanism. It is as follows:

"Let's shake hands. I recognize in you a prophet of the most superb magnitudo, but th' certainly exceeds even your most sanguine expectations. Was there ever such a sweeping victory? The walls of the 'solid' are truly pitiable. I even find it in my heart to be sorry for them. Our town is in deepest gloom, except the increasing republicans, who are too magnanimous to demonstrate, except with smiles and horns. I don't think they will be depressed. Nowhere can there be found more genuine mourning over the death of the 'solid' than right here. I know, while they attempt to account for it, like the 'battle of blenheim,' I know not what they killed each other for, but 'Tis a famous victory,' and will go sounding down the corridors of time as such. I cannot refrain from this word of congratulation and 'sympathy.'"

Local Option.

The following resolution was unanimously adopted by the members of the Holston conference, M. E. church, south, assembled at Morristown: Resolved, That we, the Holston conference of the M. E. church, south, composed of over sixty ministers and some twenty thousand members, being citizens of the state of Tennessee, most respectfully and earnestly declare our belief that the use of intoxicating liquors, as a beverage, is the greatest and most deleterious evil in the state to-day, wasting the people's money by the million, depressing public morals, producing wide spread suffering, blighting thousands of homes. Therefore, we do earnestly memorialize the legislature of the state to enact a local option law, giving the people the right to say, by vote, whether they will have intoxicating spirits sold within their counties, towns and cities.

Our Representative.

One of the speakers of the democratic nominating convention referred to Mr. T. B. McLemore as a "failure." We suppose most men when they run for office would be happy to prove such a "failure" as he has, with over 1,000 majority back of him. Mr. McLemore has educated himself and made his own property by unflinching hard work. He proved himself equal to Mr. McKinney on the stump, showing his familiarity with the fearful record of the democratic party in Tennessee, and the state debt question. He is a good scholar, having taken an advanced stand in educational work in this county for years, and has considerable collegiate education. He is the friend of the masses, and they have overwhelmingly endorsed him, and all things at him are unjust and dishonorable.

Accidentally Shot.

We learn that a small colored boy was shot and almost instantly killed while out hunting on Thursday morning near Erin. There were three of them out hunting in old sedgefield and the dogs starting a rabbit, one of the boys shot in the direction of the little boy, and imagine his surprise when he found he had killed his companion, one of the shot ranging through the heart, and he only lived about 15 minutes. He has no relations in this county.

General Rejoicing All Around. Nashville Banner: Gen. William B. Stokes, the "bald eagle of the mountains," in the course of his remarks on the square last night concerning the result of the election for governor of Tennessee, said that "everybody in the state was happy." That "the republicans were rejoicing over the election of Hawkins for governor; the Wright democrats were rejoicing because Wright beat Wilson; the Wilson men were rejoicing because Wright wasn't elected governor, and the greenbackers were rejoicing because they didn't expect anything." He was cheered vociferously for this expression.
